Seiko Time...Worldwide

Seiko has been selected as the official timer of the 1972 Winter Olympics in Sapporo, Japan.

Seiko has been the official timer for many international events such as the 6th Asian Games in Bangkok in 1970.

Seiko offers a full line of watches for every taste and every need. Electric watches, chronograph watches, day/date watches, etc. Seiko is also the leader in new innovations of timekeeping, like quartz wrist watches with an IC and crystal oscillation movement...sold first by Seiko for general use.

Every Seiko Watch is guaranteed, too.

All Seiko watches are guaranteed for one year from the date of purchase. Be sure to ask for Seiko's world-wide guarantee card where you buy your Seiko.

Any defects in material and workmanship will be repaired without charge (excluding the band, crystal and damage caused by accident or lack of care on your part).

You only have to pay the postage and insurance shipping charges. That won't be much as there is a Seiko Service Center and/or Agent near you.

But every Seiko is a precision timepiece backed by nearly ninety years of meticulous timing experience.

Wherever you go, rely on Seiko.

You'll love every minute of it.
